Whereas, An outbreak of the severe respiratory disease, COVID-19, which is caused by and is transmitted by the person-to-person spread of the novel coronavirus, started in late 2019 and has currently been detected across the world, including the United States; and,

Whereas, The World Health Organization has designated COVID-19 a pandemic, and the U.S. Centers for Disease Control and Prevention (CDC) has declared a public health emergency; and,

Whereas, Executive Order 2020-04 declared South Dakota to be in a State of Emergency due to the COVID-19 pandemic; and,

Whereas, COVID-19 is a new disease, and there is limited information regarding risk factors and is without a vaccine or a cure; and,

Whereas, Executive Order 2020-08 directed all South Dakotans to “understand that those who are particularly vulnerable to COVID-19, including those over age 60 and those suffering from respiratory or cardiac conditions, should take extra precautions and remain home if possible”; and,

Whereas, The CDC continues to issue updated guidance to all citizens recommending that the population of older adults and people with serious underlying medical conditions should stay home and take precautions every day to guard against contracting the disease through community spread; and,

Whereas, Current projections released by the state Department of Health, endorsed by the state’s major health systems, and informed by scientific data and expertise, indicates that some counties in South Dakota are at a high risk for experiencing a surge in severe illnesses requiring greater medical interventions and hospitalizations:

NOW, THEREFORE, I, KRISTI NOEM, Governor of the State of South Dakota, by the authority vested in me by the Constitution and the Laws of this State, including but not limited to SDCL 34-48A, do hereby Order and Direct the following:

1. Scope. This Order shall apply to residents and visitors of Minnehaha and Lincoln Counties.

Due to currently known modeling for the anticipated spread of COVID-19 in this state and the circumstances of these localities, this Executive Order is mandatory for the counties above. As modeling or circumstances change, other counties may be included or excluded.
2. **Vulnerable Individuals Stay At Home.** To flatten the curve and slow down hospitalizations, adults over the age of sixty-five (65) and people of any age who have serious underlying medical conditions, collectively referred to as “Vulnerable Individuals,” shall stay at home or a place of residence if possible, except for vulnerable individuals to work in a critical infrastructure sector job or to conduct essential errands.

A serious underlying medical condition may include chronic lung disease, severe respiratory disorder, moderate to severe asthma, serious heart or cardiac condition, immunosuppression, diabetes, liver disease, chronic kidney disease or someone undergoing dialysis, or other condition identified by one’s medical provider.

Essential errands shall mean those errands which are critical to everyday life and include obtaining medication, groceries, gasoline, and visiting medical providers.

3. **Vulnerable Individuals Extra Precautions.** Vulnerable Individuals shall also take the following actions to reduce their risk of getting the disease COVID-19 as recommended by the CDC:

- Wash hands often;
- Take precautions every day to keep space between others (stay 6 feet away, which is about two arm lengths);
- Keep away from people who are sick;
- Stock up on supplies;
- Clean and disinfect frequently touched services;
- Avoid all cruise travel and non-essential travel; and
- Call a healthcare professional with questions about underlying medical condition, COVID-19, or if you are sick.

4. **Coping With Stress.** By complying with this Executive Order, Vulnerable Individuals may experience increased stress and isolation. Vulnerable Individuals are encouraged to:

- Take breaks from watching, reading, or listening to news stories and social media. Hearing about the pandemic repeatedly can be upsetting;
- Take care of their body. Take deep breaths, stretch, or meditate. Try to eat healthy, well-balanced meals, exercise regularly, get plenty of sleep, and avoid alcohol and drugs;
- Make time to unwind and try to do other activities of enjoyment;
- Connect with others and talk with trusted people about concerns and feelings;
- Call a healthcare provider if stress gets in the way of daily activities for several days in a row; and
- If feelings of sadness, depression, or anxiety become overwhelming, call a healthcare provider right away.
5. **Remote Work and Outdoors.** Nothing in this Executive Order prohibits working from home, exercising outside, or farming and ranching activities; indeed, remote work and enjoying the outdoors consistent with CDC guidance are encouraged.

6. **Businesses.** Nothing in this Executive Order prohibits patronizing businesses or organizations that offer essential services for errands and that have complied with the recommended CDC guidelines.

7. **Sovereign Nations.** Sovereign nations within the borders of South Dakota should review the matters set forth herein and make their own decisions in accordance with tribal law.

8. **Effective Date.** This Order is (a) based on developing data, facts, and science and may be rescinded or amended; and (b) effective for three weeks from the day of execution until April 27, 2020, unless earlier revoked or amended.

Dated in Pierre, South Dakota this 6th day of April, 2020.

Kristi Noem  
Governor of South Dakota

ATTEST:

Steve Barnett  
Secretary of State
