

# COMBAT THE SPREAD OF COVID-19

## FOLLOW THE GOVERNOR'S EXECUTIVE ORDER

### WHAT CAN COMMUNITY LEADERS DO?

#### SUPPORT YOUR COMMUNITY

- Encourage people to **stay home** to reduce exposure
- Reduce or modify gatherings of 10 or more when separation of at least 6 feet is not possible
- Have hand hygiene supplies readily available in city-owned buildings
- Encourage families to enjoy the outdoors (*as long as practicing social distancing*)
- Support schools in efforts to provide meals to children in need
- Assist essential workforce (*e.g., healthcare, first responders, grocery store, etc.*) with child care needs

#### SUPPORT YOUR BUSINESSES

- Work with businesses to offer alternative service delivery models to meet customer needs (*i.e., take-out/delivery services*)
- Encourage businesses to allow employees to telework if possible or use alternative work schedules to allow social distancing.
- Eliminate gatherings of 10 or more when separation of at least 6 feet is not possible
- Work with businesses to implement daily health checks and screening of employees when entering the workplace
- Consider modification or suspension of daily business in the interest of public safety

#### STICK TO THE FACTS

- Use accurate information from reputable sources to inform decisions – quelling rumors and fear
- Partner with local media outlets (*e.g., newspaper, radio, TV*) to update the community on COVID-19 and resources available
- Speak out against rumors and stigma associated with COVID-19, whether it's related to a certain population group or against individuals who have COVID-19
